Independent Auditor's Report and
Financial Statements – As of and for the
Year Ended June 30, 2019
*(With Prior Year Summarized
Comparative Information)*

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors and Management
of the Waikiki Business Improvement District Association:

We have audited the accompanying financial statements of the Waikiki Business Improvement District Association, which comprise the statement of financial position as of June 30, 2019, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Waikiki Business Improvement District Association as of June 30, 2019, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter - Change in Accounting Principle

As described in Note B to the financial statements, the Waikiki Business Improvement District Association. adopted Accounting Standards Update (ASU) 2016-14, *Not-for-Profit Entities: Presentation of Financial Statements of Not-for-Profit Entities*. Our opinion is not modified with respect to that matter. There was no impact on the total net assets as a result of the adoption of ASU 2016-14. Our opinion is not modified with respect to this matter.

Report on Summarized Comparative Information

We have previously audited the Waikiki Business Improvement District Association's 2018 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated November 7, 2018. In our opinion, the prior year summarized comparative information presented herein as of and for the year ended June 30, 2018 is consistent, in all material respects, with the audited financial statements from which it has been derived.

The accompanying notes are an integral part of these financial statements.

WAIKIKI BUSINESS IMPROVEMENT DISTRICT ASSOCIATION

NOTES TO FINANCIAL STATEMENTS

(With Prior Year Summarized Comparative Information)

NOTE A – ORGANIZATION

The Waikiki Business Improvement District Association is a nonprofit Hawaii corporation chartered on September 13, 2000 to enhance the quality of life in Waikiki by providing businesses, visitors, employees, and residents of Waikiki with a safe, clean, and enjoyable environment in which to live, work, and play. The Association works in partnership with business and government to develop and implement programs that will strengthen the physical and economic vitality of Waikiki in order to help maintain its position as a world-class resort destination. The Association is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code and is not a private foundation. Accordingly, qualifying contributions to the Association are tax deductible.

The Association was organized to execute and carry out the responsibilities and activities prescribed in the Waikiki Business Improvement District Plan for the City and County of Honolulu Business Improvement District No. One (Waikiki) dated June 20, 2000, to improve neighborhood conditions and the environment within the Waikiki Business Improvement District, and to supplement municipal services within the District through such methods as information and safety officers, supplemental landscaping and maintenance crews, and other services and improvements consistent with its charitable purposes. The duration of the Association is perpetual, except that it shall be wound up and dissolved in accordance with its articles of incorporation in the event that the Waikiki Business Improvement District is terminated by the City Council of the City and County of Honolulu.

The Association implements and manages programs to accomplish its mission. Under the *Streetscape Maintenance* program that was launched in March 2001, custodial and landscape maintenance services are provided daily to keep the public areas of Waikiki clean and attractive. The original *Security* program was also launched in March 2001 to provide daily beach and sidewalk patrols within the district to assist visitors and serve as a visible presence to deter criminal activity. In July 2007, that Security program was replaced by the *Hospitality* program, which is staffed by Aloha Ambassadors who serve as hosts of Waikiki and provide information, assistance and aloha to everyone they encounter. The Ambassadors are also alert to safety and security issues and work closely with the Honolulu Police Department. The current *Security* program supports enhanced police patrols of the District's public sidewalks and beaches. The Association also has a *Public Improvements* program which develops guidelines and action programs for systematic, integrated and ongoing district-wide improvements. The *Research and Planning* program conducts studies of public sidewalks, street usage, and the homeless population in Waikiki, as well as general research on Waikiki indicators and best practices utilizing data from other business improvement districts.

The members of the Association are the assessed property owners and tenants of the Waikiki Business Improvement District. The Association contracts with others for its hospitality and streetscape maintenance programs under agreements through June 30, 2021. Such contracts may be terminated by the Association for nonperformance or upon written notice, as provided in the agreements.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Change in Accounting Principle – In August, 2016, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2016-14, Not-for-Profit Entities – Presentation of Financial Statements of Not-for-Profit Entities. The update addresses the complexity and understandability of the net asset classification, deficiencies in information about liquidity and availability of resources, and the lack of consistency in the type of information provided about expenses and investment return. The Association has implemented ASU 2016-14 and has adjusted the presentation in these financial statements accordingly.

Basis of Accounting – The financial statements are prepared on an accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America. Revenues are recognized when earned, and expenses are recognized when the related liability is incurred. The Association reports information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions. Support and contributions receivable is recorded when pledged as net assets without donor restrictions, which is net assets not subject to donor restriction and available for use in general operations; or net assets with donor restrictions, which is net assets subject to donor imposed restrictions. Member assessments are recognized ratably over the Association’s fiscal year and are derived from real property assessment to all commercial, nonresidential properties in Waikiki. Rates vary depending on location. Properties in the Kalakaua/Kuhio corridor pay the full rate and receive primary services. Other areas receiving the indirect benefits of an improved neighborhood pay only a portion of the full rate. Assessments are also subject to credits based on an appeal by the property owner. Any successful appeal, including assessments already collected, may constitute a liability. Expenses are allocated on a functional basis among various programs and support services based on estimates by management. Expenses that can be identified with a specific program or supporting service are charged directly to the program or supporting service. Other expenses that are common to several functions are allocated by various bases. Expenses are recognized when the related liability is incurred.

Use of Estimates – The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America. The preparation of financial statements in accordance with such generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates, and it is at least reasonably possible that such differences will occur in the near term.

Concentrations of Credit Risk – Financial instruments that potentially subject the Association to credit risk include cash and member assessments receivable. At June 30, 2019 and 2018, cash on deposit with financial institutions exceeded the related federal deposit insurance by approximately \$2,024,300 and \$1,761,200, respectively. Management periodically evaluates the relative credit standing of such institutions to be sure the cash on deposit is adequately safeguarded. Member assessments receivable, which has been adjusted for all known doubtful accounts, is determined to be collectible or uncollectible based on an assessment by management of the facts and circumstances related to the individual accounts.

Other Concentrations – The Association operates in Honolulu, Hawaii. National and international events can have severe, adverse effects on economic conditions in Hawaii. The effects, if any, on the financial statements of the Waikiki Business Improvement District Association from such changes in economic conditions are not presently determinable.

Cash and Cash Equivalents – For purposes of reporting cash flows, the Association considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Property and Equipment – Property and equipment consists of office furniture, fixtures, and equipment stated at cost or, if contributed, at estimated fair market value at the date of contribution. Depreciation is provided using the straight-line method over estimated useful lives of three to five years. Property and equipment and other long-lived assets are reviewed for impairment whenever events or changes in circumstances indicate that the related carrying amounts may not be recoverable. Repair and maintenance costs are expensed. Expenditures for property and equipment in excess of \$500 are capitalized.

Income Taxes – The Association qualifies as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code and, therefore, has no provision for income taxes. The Association's tax filings as of and for the years ended June 30, 2018, 2017, and 2016 are subject to examination by federal and state tax authorities, generally for three years after they were filed. Management is not aware of uncertain tax positions required to be recognized and disclosed in the financial statements in accordance with generally accepted accounting principles. Interest and penalties, if any, are classified as income tax expense.

Functional Allocation of Expenses – The cost of program and supporting service activities have been summarized on a functional basis in the statements of activities. The statement of functional expenses presents the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Allocated expenses include salaries and related expenses, and the allocation is based on actual and estimated time and effort.

Financial Statement Presentation – The financial statements include prior year summarized comparative information that is not in sufficient detail to constitute a complete presentation in conformity with generally accepted accounting principles. Accordingly, the financial statements should be read together with the Association's financial statements as of and for the year ended June 30, 2018, from which the summarized comparative information was derived.

NOTE C – LEASES

The Association leases office facilities under an operating lease agreement expiring on July 2022. The Association also utilized donated facilities from related parties which amounted to \$46,800 and \$46,800 for the years ended June 30, 2019 and 2018, respectively. The Association leases office equipment under an operating lease through January 2022. Office and equipment lease expense (including donated facilities) amounted to \$106,182 and \$105,879, for the years ended June 30, 2019 and 2018, respectively. At June 30, 2019, future minimum lease payments by fiscal years ending June 30th approximated \$56,500 in 2020, \$55,300 in 2021 and \$4,500 in 2022.

NOTE D – RETIREMENT PLAN

The Association sponsors a defined contribution, Simple-IRA salary reduction retirement plan, covering substantially all of its employees to which it contributes 3% of each employee's annual salary, up to the maximum allowed under Internal Revenue Code Section 408(p). Retirement plan expense amounted to \$9,613 and \$9,175 for the years ended June 30, 2019 and 2018, respectively.

NOTE E – LIQUIDITY AND AVAILABILITY

The Association’s financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of June 30, 2019, are comprised of the following:

Cash	<u>\$2,263,137</u>
Total financial assets available	<u>\$2,263,137</u>

NOTE F – SUBSEQUENT EVENTS

The date to which events occurring after June 30, 2019, the date of the most recent statement of financial position, have been evaluated for possible adjustment to the financial statements or disclosure is the date of the audit report, which is the date on which the financial statements were available to be issued.
