NON-ESSENTIAL =
 hospitality and wayfinding

SERVICE LEVEL TIMELINE

 Suspension of non-essential services
 April 8 — Essential services at 75%
 April 15 — Essential services at 50%

The WBIDA crew are working in essential service positions every day of the week, to continue to provide continuity for a clean and safe Waikiki District, with emphasis on cleaning, disinfection, and safety. Due to the Governor's postponement of pre-testing traveler options, WBIDA deployment will remain at reduced levels until further assessment.

Below are statistics from past months compared to the same month a year ago. This shows a distinct difference resulting from COVID-19 impacts. Some items have decreased, due to lower volume in the district. However, several items have significantly increased — notable are the number of infrastructure pieces cleaned, bike patrol miles traveled, sit-lie advisories, and private property assistance given.
