

State of Waikiki

"Continuing to be Clean and Safe"

Provided to you by:
 WAIKIKI BUSINESS IMPROVEMENT DISTRICT ASSOCIATION (WBIDA)

WBIDA Service Highlight: Pressure Washing

Last month, we highlighted infrastructure cleaning as one of the essential public services that have grown in importance since April 2020, due to the pandemic. This month, we would like to emphasize our pressure washing activities and even though our service deployments are reduced, there is still a focus on high traffic public areas in Waikiki.

Brandon Barbour, WBIDA Vice President of Operations, explains the operation:

"To provide this service, the crew uses two types of equipment.

- 1) Two custom large capacity, pressure washing systems built on trailers and towed by branded pick-up trucks to target large areas, and
- 2) Two small capacity, pressure washing pedal assist trikes to quickly and efficiently target small areas.

A very notable feature of the large capacity trailers also incorporates a water recycling and recovery system. This system uses a vacuum to recover the majority of the water and return it to a separate holding tank, later used to water various planters in Waikiki."

At a glance...

- Over 130,800 sq ft pressure washed on average, each month during the pandemic
- Over 1 million sq ft pressure washed in last 8-months

Waikiki District Services Remain at 50%

ESSENTIAL SERVICE =
 cleaning and disinfection, safety and security, public asset maintenance, landscape maintenance, homeless outreach, beach patrol (when open)

NON-ESSENTIAL =
 hospitality and wayfinding

The WBIDA crew are working in essential service positions every day of the week, to continue to provide continuity for a clean and safe Waikiki District, with emphasis on cleaning, disinfection, and safety. Deployment will remain at reduced levels until additional assessment determines increased service needs, including tourism activity.

Service Statistics, 2019 vs. 2020

	3 months: <u>April–June</u>		3 months: <u>July–September</u>		<u>October</u>	
	2019	2020	2019	2020	2019	2020
Infrastructure Cleaned	24,835	88,616	26,246	78,618	7,882	28,810
Trash Collected (# of bags)	6,277	2,207	4,862	2,761	1,473	1,033
Trash Collected (lbs)	94,155	33,105	72,930	40,725	22,095	15,495
Pressure Washing (sq ft)	745,490	403,941	795,760	359,941	293,276	142,756
Stickers, Graffiti Removed	1,746	595	1,833	642	394	397
Interactions Served	156,509	13,107	169,974	13,613	49,637	5,415
Bike Patrol (miles)	2,939	5,811	3,911	6,236	1,334	2,101
Sit-Lie Advisories	912	1,554	1,187	1,932	483	816
Private Property Assistance	74	910	496	454	302	259

To the left are statistics from past months compared to the same period a year ago, and shows a distinct difference resulting from COVID-19 impacts. Some items have decreased, due to lower volume in the district. However, several items have significantly increased — the number of infrastructure pieces cleaned, bike patrol miles traveled, and sit-lie advisories.
