The WBIDA crew are working every day of the week, to provide continuity for a clean and safe Waikiki District.

Above we focus on the great performance metrics of the WBIDA crew, and these data statistics show our achievements, serving the Waikiki community. This includes four years of monthly data, enabling us to truly compare the progression of pre-pandemic (2019), first year of the pandemic (2020), second year of the pandemic (2021), and recovery present-day (2022) time periods.
