

# State of Waikiki

## "Continuing to be Clean and Safe"

Provided to you by:  
 WAIKIKI BUSINESS IMPROVEMENT DISTRICT ASSOCIATION (WBIDA)

### Sit-Lie Advisories vs. Private Property Assistance

You may have noticed that two of the categories on the WBIDA monthly statistics include "Sit-Lie Advisories" and "Private Property Assistance". While on patrol, our Aloha Ambassadors remain on the lookout for safety and security concerns throughout the district.

#### WAIKIKI HOMELESSNESS STAKEHOLDERS MEETING

The WBIDA is hosting a December meeting that will bring together presentations from the State, City, and the WBIDA on homeless outreach programs and statistics, specific to Waikiki.

If you are interested in attending and have not already received an invite, please contact our office.

The first category, "Sit-Lie Advisories", captures the number of times our ambassadors have verbally informed individuals of their violation of the sit-lie ordinance in the Waikiki District. If the individual does not comply or shows aggressive behavior, HPD is called for enforcement. Since this follows a City and County Ordinance, it takes place when individuals are on public property, such as the sidewalk.

The second category, "Private Property Assistance", represents the number of times our ambassadors have assisted on issues that are shared between the public-private property line, such as spills and sanitation concerns, trespassers, and panhandling. If applicable, an advisory is given, with follow-up coordination by a WBIDA Outreach Ambassador or Custodial Crew member, and reporting to the business or property when necessary.

### Waikiki District Services, Comparison by Year

The WBIDA crew are working every day of the week, to continue to provide continuity for a clean and safe Waikiki District, with emphasis on cleaning, disinfection, safety, and hospitality.

Below are statistics from this past month compared to the same month for the past two years, and shows a distinct difference resulting from COVID-19 impacts.

#### Service Statistics, 2019 vs. 2020 vs. 2021

	2019	2020	October	
			2021	Variance
				<i>Pre-pandemic to Present</i>
Infrastructure Cleaned	7,882	28,810	<b>40,000</b>	407% increase
Trash Collected (# of bags)	1,473	1,033	<b>1,715</b>	16.4% increase
Trash Collected (lbs)	22,095	15,495	<b>25,725</b>	16.4% increase
Pressure Washing (sq ft)	293,276	142,756	<b>214,736</b>	26.8% increase
Stickers, Graffiti Removed	394	397	<b>543</b>	37.8% increase
Interactions Served	49,637	5,415	<b>16,346</b>	67.1% decrease
Bike Patrol (miles)	1,334	2,101	<b>1,312</b>	1.6% decrease
Sit-Lie Advisories	483	816	<b>381</b>	21.1% decrease
Private Property Assistance	302	259	<b>171</b>	43.4% decrease

Notable this month was reaching a 40,000 count for individual pieces of infrastructure cleaned. These touchpoints include trash receptacles, pedestrian walk buttons, bike racks, publication racks, traffic and light poles, and utility boxes.

Not only is this over a 400% increase from our pre-pandemic service, but emphasizes the importance of health and safety in public spaces.
